

PREP MARIANAPOLIS

Computer Science and Technology Position for 2016-2017:

Marianapolis Preparatory School seeks a qualified teacher, preferably with three to five years experience in an independent secondary school setting, to teach computer science with the collaboration and supervision of the Chair of the Mathematics and Informatics Department. Additional job responsibilities include maintenance and support of the daily operations of educational technology in computer labs, classrooms, dormitories, and administrative offices under the direction of the Director of Technology. Preference will be given to candidates who have expertise in:

- the integration of technology into classroom instruction
- keyboarding, word-processing, presentations, and spreadsheets
- PC maintenance and 21st Century security
- HTML and CSS web design
- scripting code in several languages and design environments
- develop working iOS apps
- programming in Objective-C using Xcode.

All teacher candidates are expected to have either experience or interest in learning the *Understanding by Design* curriculum development framework and to attend a new faculty workshop in August. Preferred candidates must enjoy working with adolescents, have an ability to work well in a student-centered curriculum, and understand student learning styles and differentiated instruction.

In addition, the position includes: advising, participation as an athletic coach or activities leader for two seasons each year, and involvement in residential life —understanding that the typical commitment involves both after school activities and weeknight-weekend supervision.

Interested candidates should send the following:

- A cover letter summarizing your reasons for wanting to teach at Marianapolis
- A current résumé
- Contact information for three professional references (email preferred)

Please send credentials to:
